Skankane Transport Specialized Services:

In addition to our standard services we offer the following services to the mining and various manufacturing sectors:

- Emergency deliveries
- Dedicated loads
- Same day deliveries of up to 1 Ton
- We understand that these industries need speedy deliveries 24/7 to minimize any losses
- Let us assist you in relieving the stress of unnecessary down and waiting time

These services are applicable for the following regions:

- Gauteng
- Mpumalanga Lowveld

We have managed to service clients in both sectors with great success and have a continuous working relationship with them for more than 5 years

We are able to load, secure and transport your cargo with:

- Pole Pockets to secure stacked bulk loads
- Straps, ratchets and rope to secure your cargo
- 8 Ton chains and satans
- Container and twist locks for securing containers
- Cargo nets for protection and security
- Tarpaulins to protect against harsh weather conditions
- Corner plates to secure and protect your loads against any damages
- Curtain rails that help with reducing damages and harsh weather conditions
- Load Locks for securing break bulk cargo
- Forklifts for handling palletised goods

Kia K2700 Bakkies	1 Ton	4

Skankane Transport Timeline:

2004

Skankane Transport was born. We started with 1x 3 Tonner and 1x 1Ton Kia, driven by the owners themselves. Therefore we take pride in our history. Our first clients were farmers from Barberton area and they still have very soft spots in our hearts. Skankane started as a door – to – door, open and inexperienced company but rapidly grew into a business which took the market by storm and became a trusted and reliable transport company in South Africa.

2005

We appointed our first driver, Ntokoza Mabuza, who is still a driver with Skankane, one of the pillars of the company. He showed excellent potensial and we invested a lot of time and training to let him grow even further

Managing Members: BS Du Plessis, L Steyn

Skankane Transport

Physical Address Granite Hill, Kaapschehoop Road, Nelspruit, 1200
Postal Address: Posnet Box 296, Private Bag X11326, Nelspruit, 1200
Telephone 013 741 1378 / 087 754 3700 • Facsimile 086 634 5467 • www.skankane.co.za
Reg No: 2004/128544/23 • Vat No: 4540219039

2006

We invested in a few MAN 8 Ton trucks and warehousing facilities in Nelspruit. Our staff compliment grew considerably in this year.

2008

We took a leap of faith and invested in an International Tri – Axle. With the vehicles, staff, administration and bookings growing everyday we decided to appoint Marietjie Van Tonder as Operations Manager.

2011

We took another leap of faith and invested in a UD Superlink

2012

We opened a depot in Germiston where Barthlo Du Plessis, co – owner, made sure that all operations were operating at full capacity. The Headoffice is under the supervision of Lazyja Steyn (Co – owner) and Marietjie Van Tonder(Operations Manager)

2013

Wanting to expand the business, gain new clients and taking good care of existing clients, the decision was made to open a full time Marketing Department. Len Mulder was appointed in September 2013 to fill the position. Our fleet and staff compliment is still expanding.

2014

Skankane Transport celebrates its 10th birthday. After 10 years we decided to update our corporate image without losing our identity. The logo, stationary and vehicle branding were updated. Our customers responded very positive to the changes. We moved our depot from Germiston to Anderbolt in Johannesburg.

We now have a prominent website with a strong SEO program as well as an active socialmedia presence, regular blogposts with regular competitions. We have a strong radio presence on 100.5fm Radio Laeveld with 3 ads daily from Monday – Saturday.

Managing Members: BS Du Plessis, L Steyn

Skankane Transport

Physical Address Granite Hill, Kaapschehoop Road, Nelspruit, 1200
Postal Address: Posnet Box 296, Private Bag X11326, Nelspruit, 1200

Reg No: 2004/128544/23 • Vat No: 4540219039

We appointed Crizel Van Der Schyff as operations Assistant to assist Marietjie with her day to day duties.

We now have 11 vehicles in our fleet and service various business sectors. We have managed to stay true to our core business and have expanding rapidly by listening to our clients needs.

Getting involved in the local community was a top priority and we decided to get involved with local Non – Profit Organisations such as Huis Betlehem, 100.5 fm Radio Laeveld’s OP EIE WERF initiative, Pro – Life Pet Sanctuary and Epilepsy S.A’s Dullstroom Branch. We are not limited to these organisations and assist people in need within our means. We do not only help raise funds for them but also offer our services free of charge within our service area. With our involvement in 100.5fm’s OP EIE WERF we are part of the weekly OP EIE WERF talkshow on 100.5fm. We hosted various competitions to raise funds for the NPO’s with great success.

2015

Our mission was to streamline communication between Skankane Transport and its customers and to design customized office software to simplify the operations and administration teams daily duties.

Looking at what the marketplace offered we decided to design our own mobile app which is compatible with android and apple mobile devices. The APP can be downloaded from Google Playstore and IStore.

The mobile app enables clients to book a load or request a quote from their phones or tablets. The APP and the customized office software syncs with each other to receive the order or request within moments. There is also a desktop version of the app available to use from your laptop or desktop.

We decided to appoint Charmain Anderson as an addition to the administration team to lighten the workload. She has made a huge difference in a very short time.

We started building our new offices at our Nelspruit Depot.

We raised funds in collaboration with 100.5fm Radio Laeveld for the charities we support.

2016

We have moved to our new offices.

We are launching 2 new divisions in 2016 which will transform us into a “one-stop transport shop”
